

Cisco MPP 8861

Key features

- 5" high-resolution (800 x 480) widescreen VGA backlit colour display
- IEEE Power over Ethernet Class 3
- Up to 3 optional IP Phone 8800 Key Expansion Modules and 5 in-built programmable keys
- 1 Gigabit Ethernet switch for PC connection and 2 USB ports
- Bluetooth 3.0 Enhanced Data Rate

The IP Phone 8861 offers high-security voice communications and supports broadband audio for higher clarity communication and advanced IP telephony functions. Support for Cisco EnergyWise™ technology makes the Cisco IP Phone 8861 more energy-efficient and ecofriendly; the phone is qualified by the Energy Star organization.

Highlights

- The IP Phone 8861 combines an attractive new ergonomic design with wideband audio for crystal clear voice communications, “always-on” reliability, encrypted voice communications to enhance security, and access to a comprehensive suite of unified communications features from Cisco on-premises and hosted infrastructure platforms. The IP Phone 8861 also can be supported on third party hosted call control services.
- In addition, Cisco Intelligent Proximity brings the worlds of desk and mobile together for you when you are using your mobile device at the desk for your work. You can move the audio path over to the IP Phone 8861 during active mobile calls to take advantage of its superior audio acoustics. An example would be to share a conversation with a colleague who you want to listen in. This capability gives you greater flexibility and a superior user experience when at your desk.
- The IP Phone 8861 comes standard with two USB ports so you can charge your personal mobile devices when at your desk and stay connected when away from your desk.
